Comments

All plumbing components to be installed in the bathroom module must have valid Swedish type approval or be CE marked.

Associated documents shall accompany the product or by other means be available to users of the product.

This type approval supersedes the previous type approval with the same number dated 2022-11-16, valid through 2027-11-16.

Validity

Valid through 2027-11-16.

Validity of this type approval can be verified on our website.

The validity of this type approval expires when the type approved product with the intended use according to this type approval shall be CE-marked according to the Construction Products Regulation (EU) 305/2011.
